Large volume freezer cabinet with full glass-doors

Luxo offers great product visibility and volume.

New brands, flavours and pack sizes are constantly being launched in the frozen food segment. While good for business, continual innovation places demands on product display equipment.

Visibility and shopping experience

Luxo is a cabinet that truly has it all. Designed with a superior shopping experience in mind, efficient lighting, large glass doors and optional glass end panels culminate in a complete solution with increased product visibility at its core. Luxo can be integrated with a selection of other Viessmann cabinets for a customisable, stylish and flexible solution.

Volume and technology for better business

Luxo boasts superior temperature performance, energy efficiency and ease of maintenance, while further energy savings can be attained by choosing optional low energy fans and LED lights.

Choose Luxo for

- Great product visibility
- Optional glass end panels for better product visibility
- Different cooling systems available
- Low-energy fans for energy saving
- LED lights for better internal illumination and energy efficiency

Technical specifications

External length (mm)	795, 1565, 2345, 3125, 3890
External height (mm)	2010, 2210
External depth (mm)	970
Temperature range	-23 to -21 °C
Refrigerants	R404A/R507, R407A/R407F, R744 (CO ₂)

Luxo-FGD

°C **-23 to -21**

Grid shelves

Vertical lights

Standard equipment

- Fan evaporator and expansion valves standard for R404A and R744 (CO₂) refrigerants
- Defrost heater
- Thermostat
- Vertical lights
- Grid shelves

Optional accessories

Price trim

Grid basket

- Thermometer
- LED lights
- Low energy fans
- Expansion valves for other refrigerants
- Hot gas defrosting instead of electric
- Glass end panels
- Load dividers for shelf
- Front rail for shelves and bottom level
- Adaptive control device
- Multiplexing kit
- Corner covers

Benefits

With large glass doors and effective lighting Luxo offers great product visibility, answering the growing demands of the frozen food segment.

- 1** Large glass doors ensure great product visibility
- 2** Effective lighting
- 3** Can be integrated in multiplex formation with Viessmann e-Novus, e-Ventus, Spirit, Intro and Nardo cabinets

Success story: Kesko Supermarket Raisio Center, Finland

Viessmann stands for volume, energy-efficiency and good looks.

When Timo Könttä, owner of Kesko Supermarket Raisio Center, replaced all the refrigeration cabinets in his store, he created a new sense of spaciousness in the process.

On taking on ownership of Raisio Center – the biggest Kesko Supermarket in South-west Finland – it was necessary to replace the refrigeration equipment, which was near to the end of its service life. At the same time, the owner wanted the shop to feel more spacious and so he turned to Viessmann. As a result, the efficiency of the shop's floor plan was improved in the most elegant way.

Extra aisle space in the shop

By selecting Viessmann's Luxo freezers, the use of space in the shop was optimised enabling a much more open environment, thanks to larger aisles, and a contemporary feel. Timo Könttä quotes the strengths of Viessmann's cabinets as their display volume, energy efficiency and smart looks.

Creating more sales space for frozen products with Luxo.
